Wikipedia and Wikidata - A Sample Article

Christof Schöch

Abstract

This is a short sample article with little content.

1 Introduction

Wikidata is a *collaboratively* edited multilingual knowledge graph hosted by the **Wikimedia Foundation**. It is a common source of open data that Wikimedia projects such as Wikipedia, and anyone else, can use under the CC0 public domain license. Wikidata is powered by the software Wikibase.[1]

1.1 First Argument

Wikidata is a *collaboratively* edited multilingual knowledge graph hosted by the **Wikimedia Foundation**. Wikidata is powered by the software Wikibase.[2]

Figure 1: The Wikidata logo resembles a barcode, but is more colorful.
